LIGHTS SEEN FOR ALL L.G. BY CHAMBER BOARD

The L.G. Chamber of Commerce will sponsor circulation of petitions to form a residential lighting district.

The directors Tuesday approved the installation of 390 lights throughout the community within the boundaries of the L.G. Local Fire District. Director Robert Browne will head the petition committee.

The board heard Don Wissenger, representative of the S.D. Gas and Electric Co., explain that it would require the signature of property owners representing 60 per cent of the total to bring lights to the district. No election would be held and the board of supervisors would be directors of the districts.

Wissinger said that such a district would cost taxpayers about 25 cents for each $100 assessed valuation or $10-12 a year for each home. The charge would appear on the county bills.

Robert Vaught, chamber president said the petitions would be distributed and signed in a crash program "some weekend" in the next few weeks. Service clubs and other organizations will be asked to participate in passing the petitions.

Directors said that most residents who had been asked said they were heartily in favor of lighting the community.

In other business the chamber agreed to be hosts to new teachers of the district. Fifteen new teachers of Mt. Miguel, Jr. College and Helix high school will attend the chamber's Sept. 4 meeting.

Lyle Stumbaugh, a certified public accountant was appointed to replace Hank Templeton, a director who resigned when his business took him out of Lemon Grove.

Mortuary Here Adds Property

The one place in town you'd expect to be caught dead in is undergoing expansion.

Kenneth Conrad, operator of Conrad's Mortuary, 7387 Broadway, said this week he had acquired the property at the rear of his establishment and fronting on Pacific st. The property, which has a house on it, will be used for garages and parking.

Conrad's property is an L-shaped segment of the block with 63 feet on Broadway, 300 on West and 125 on Pacific.

To Compete For Football Queen Title

Miss Gavett

Miss Kunkel

Two local girls — Jackie Gavett of Spring Valley and Esther Kunkel of Lemon Grove —are candidates for queen of the 14th annual Southern California College Prep Charity football game to be held Aug. 29 in Aztec Bowl, San Diego State College.

The girls will compete for the title in judging to be conducted at the San Diego Naval Training Center on Aug. 20. They will appear with other candidates in sweaters and skirts. Judging will be on the basis of beauty, poise and personality.

Miss Gavett, a June graduate of Monte Vista High school and the daughter of Mr. and Mrs. Jack Gavett of 3058 South Bonita st., is the first girl from Monte Vista ever to enter the contest. She plans to attend Grossmont Junior College this fall with a major in business.

A June grad of Mt. Miguel High school, Miss Kunkel is the daughter of Mr. and Mrs. Kenneth D. Kunkel of 7247 San Miguel st. She is entering San Diego State College this fall and will major in nursing. She may also take up languages, having won State College language field days in her junior and senior years at high school.

Last year's winner, Miss College Prep of 1961 Julia Wells is to be present to crown this year's winner. A former Lemon Grove resident, Miss Wells is a sophomore at State College, having been graduated from Mt. Miguel in 1961.

This year's queen and her four attendants will be introduced prior to the start of the football game at 8:15 p.m. on Aug. 29.

Jr. College Budget Ups Rate 1½¢

A tax rate increase is estimated at 1½ cents per hundred to finance the Grossmont Junior College budget adopted by the Board on Monday evening. The new estimated rate is 37 cents compared to 35½ cents per hundred required for last year's operation. The total of the budget was $1,341,451, an increase of 60 per cent over last year. The new budget will provide for an increase in enrollment of 70 per cent.

The Grossmont Board deferred action on a new attendance contract proposed by San Diego Unified which would increase the building use fee to $300 for each unit of average daily attendance. Under terms of the present contract the district pays $60 plus a tuition charge of $501.70 for each full time day non-vocational student and $300 plus a tuition charge of $501.70 for each full time vocational student. The operation of a program by the Grossmont Junior College District at Monte Vista High school next year will reduce the use of district payments by over $200,000 if the new contract proposal is in effect.

In a junior college district in the Los Angeles area a payment of $600,000 for building use fees plus $900,000 in tuition payments for 2,000 students required a junior college tax rate of 51 cents. This example and the new contract requiring the $300 fee demonstrates the truth of the assertion made by proponents of the junior college bond issue that it will cost less to build the college in this district than the charges for sending the students to other districts, according to Lewis Smith, district superintendent.

However, the Board had believed that the present attendance contract calling for lower payments would continue over a period of three years and, therefore, directed the administration to request a meeting of the administration and board for both districts in order to negotiate an equitable attendance contract agreement.

L.G. Fish Packing Plant Request Is Withdrawn

SAN DIEGO (CNS)—Opposition to a change of zone in Lemon Grove to allow establishment of a fish packing plant resulted in the reclassification application being withdrawn at a public hearing on Tuesday before the County Board of Supervisors.

The canning plant was to be operated by the Church of Latter Day Saints of Jesus Christ, better known as the "Mormons," on land between the freeway and Federal blvd., east of San Miguel st.

The change of zone request was made by James W. Judge, on behalf of the Mormons and as agent for Ben Houston, owner of the property.

Due to protests from neighbors, the County Planning Commission in June voted to recommend to Supervisors that the zone change request be denied.

On the church's appeal to Supervisors to over-ride the recommendation, the Board chamber was packed at 2 p.m. Tuesday for the public hearing.

But Mrs. Helen Kleckner, clerk to the Board, announced before any testimony could be taken that Houston had requested by letter that the change of zone proposal be dropped.

The letter said that "considering there has been so much controversy" the application was being withdrawn. Houston added that "rather than lose their (the neighbors') friendship, we would rather lose the sale of the property to the LDS church and live in peace with our neighbors."

The Supervisors then voted to "file" the change of zone request, and the crowded chamber emptied slowly as those who had come to protest chattered about their sudden and unexpectedly easy victory.

Sees HS Tax Rate of $1.78

The Grossmont Union High School District board of trustees in an economy mood slashed $100,000 from undistributed and general reserve funds in order to further reduce the tax rate required for the 1962-63 school year. Previously the Board had deleted items from the budget but estimates had indicated a 10c rate increase from the current $1.78 to $1.88. Through the cuts which have been made it is estimated that the total tax rate will be held at $1.78 despite salary increases for teachers and administrators and an increase in the number of students.

Frank B. Gigliotti, representing the United Taxpayers Association spoke briefly in favor of holding the line on taxes. He commended the Board for its support of a quality educational program and its past record of low cost operation.

Hart Dunham also requested the Board to consider the tax-

L.G. Lights To Be Lit Aug. 24th

The L.G. chamber of commerce will sponsor a celebration August 24 when the new business lighting district lights are turned on for the first time.

The festivities include music, ribbon cutting and the appearance of Miss Lemon Grove and the introduction of dignitaries.

Ed. Koester, chamber manager, who devised the lighting district project and who obtained the signatures, will flip the switch, turning on the lights for the first time at 7:30 p.m.

Hansen's Pond Scene Of Another Altercation

Sheriff's deputies were called to quell a fight at Hansen's pond in La Presa Friday when Ezell Songer, 38, of 821 Paraiso, La Presa, became involved in an altercation with Everett Anthony Oliver, 23, and six other young men between the ages of 17 and 20 years, all of Encanto.

Songer, who is 6-1 and weighs more than 200 pounds, accused Oliver of having threatened him and of racing up and down in front of his house in a car harrassing his daughters. Two of his girls are 17, the other, 13.

Oliver said he was not able to defend himself properly because he recently fell through a window and suffered cuts which required 80 stitches in his arm. He admitted, however, that he had drunk "three or four beers" at home with his wife just prior to the altercation.

Other Encanto youths questioned at the scene included David Davany, Thomas Raney, Paul Barrigan, Carl Green, Wesley Sappington and Jerry Starling.

The pond, scene of regular problems for law agencies, is not posted at present.

BAG OF WATER BREAKS WINDSHIELD

Mrs. Rita Stadther of 3256 Par dr., Brookside, told police her windshield was broken Monday night when a bag of water was dropped from the Grove st. overpass as she was driving home from work. The bag was dropped about 11 p.m. as she was traveling east on highway 94.

El Cajon Teacher Named Principal Of San Miguel

James Terry, 42, former Cajon Valley school district teacher, has been employed as principal of San Miguel Elementary school in Lemon Grove. He replaces Ben I. Schei, who died earlier this year of cancer.

The board chose Terry from 12 applicants at an executive session prior to the board meeting which was held on Wednesday last week.

The board also adopted the 1962-63 budget which it had approved in July. The budget establishes a tax rate of $1.65 for each $100 assessed valuation which is the maximum allowed the district. Voters rejected a 33-cents override tax in April. The rate is the same as it was the year before.

The Board agreed to sell a long narrow strip of property at the San Altos school if the State Dept. of Finance approved the sale. The property, 1,300 feet long and 300 feet wide on Madera st., narrowing down to 92 feet, is not usable by the district, Supt. Byron Netzley told the Board. It presents a drainage problem and is unsightly and that improvement would be costly. He said that it could be cut into four or five lots by developers.

Proceeds from the sale would go to State Finance to reduce the state loan, he said.

Couch, Grass, TV Fires Reported In Past Week

Lemon Grove firemen were called at 2:04 p.m. on Aug. 3 to 1930 Skyline dr., L.G. where an overstuffed couch had been smoldering inside the house. They reported that the couch was a total loss and that some smoke damage was done to the interior.

The home belongs to Mrs. Ethyl Weening.

About an hour after being called to the Skyline dr. fire, firemen got a report of a fire burning by freeway 94 between North and Harris st. The blaze, which burned half an acre of grass probably was started by a child playing with matches, according to Capt. Harry Alexander.

A television set belonging to Gene Johnson of 3888 Corancho st., caught fire and burned to a total loss on July 31, reported firemen who were called at 10:37 a.m.

A control burn got out of control but did no damage on July 31 in the evening at 2360 Bonita. Firemen said J. T. Gordon was burning grass legally but that one side of the blaze burned faster than anticipated.

As sometimes happens, Capt. Alexander said, an under control burn at 7400 North ave. was reported as an out of control fire by someone in the neighborhood who noticed the smoke on Aug. 2. Called at 7:17 p.m., firemen decided to stay and help Lawrence Kuerbis finish up the job.

On Aug. 3 at 1:34 p.m. L.G. firemen got a mutual aid call from Spring Valley Fire Department, all of whose men were out on fires. Lemon Grove sent an engine and three men to Spring Valley station 1 to stand by.

Better Bargain At Goodwill

Goodwill Store clerk Loyal Towler helped a customer load a Westinghouse 8 cu. ft. refrigerator in his truck Monday at the store's sales patio at 3688 Grove st.

The shopper, driving a late model, white pick-up truck, then drove away. Goodwill had just marked the refrigerator down to $14.95 but the shopper neglected to pay anything.

"Our prices are low, but this is ridiculous," grumbled Slater Henry, store manager.

Roberta Vieth, William Taylor Marry Aug. 4

DeWhit Studio

Mrs. Taylor

Roberta Louise Vieth became the bride of William Charles Taylor in an Aug. 4 wedding held at 4 o'clock in the Chapel of Roses in Chula Vista. Both of the young people are from Lemon Grove. The new Mrs. Taylor is the daughter of Mr. and Mrs. John Vieth and the bridegroom is the son of Mr. and Mrs. Robert Clayton Taylor.

Attendants for the bride were Mary Ann Speth, the bride's cousin, who was maid of honor, and Diane Powell and LeAnna Stanger, bridesmaids.

Best man was Leonard Taylor, the bridegroom's brother; ushers were Jeff McCoy, the groom's cousin and Otto Newton.

The bride is a June 1962 graduate of Helix High School. Her husband is serving with the U. S. Navy.

Anyone For Instant Pregnancy?

There's a new wrinkle in the Welfare Department's handling of the Aid To Needy Children program. . .that program which provides admittedly desirable benefits while at the same time it is encouraging larceny so flagrant as to be well nigh unbelievable.

The ANC program, until recently, supplied funds to meet some of the needs of certain children only after they emerged onto this earth as living humans.

A newer interpretation of the rules by the Welfare Department is that the taxpayer's obligation begins soon after the child's conception. . ."as soon as the pregnancy can be verified," they say.

Prior to this liberalized concept (do not mistake the noun "concept" for the verb "conception") relief checks did not start arriving until after the doctor signed the birth certificate. Taxpayers' funds were used to supply layette items just before labor.

The accelerated relief program is based on the theory that mothers-to-be will use at least some of the early-arriving pay-on-pregnancy funds for diapers and such even if she is among those who have made the ANC program their full occupation. Major reason for the program's change is the desire to ease the paperwork for harried Welfare Department people.

Much of the time formerly required for filling red tape forms can now be devoted to Welfare patrons under a simplified who-gets-what-and-when system.

Homer Detrich, County Welfare director, says the Department is now working on a "flat" budget basis. A "flat" amount for rent is paid the ANC recipient regardless of how much rent she is called upon to pay. Aid payments are started on certification of pregnancy, and flat schedules of monthly payments are provided to families of equal numerical makeup. That, and other standardizations, are cutting the paper-workload dramatically in his Department, he said.

We're for that. Let's cut and save wherever it is possible and return the savings to the taxpayer. Yet, science is working against us. One of Lemon Grove's leading doctors states that pregnancies may now be ascertained within four to six weeks.

Unless our arithmetic is faulty, that means that a prospective mother may draw welfare aid for as long as eight months before the needy child arrives.

Science, being on the march as it is, may succumb to chronic, relief-type mothers demanding a quicker test. . .perhaps the same week, or even the next day, so that welfare funds may come all the sooner.

Then there would be the larcenous type who would take advantage of the program by applying for relief as soon as she sees the familiar glint in her male companion's eye.

LG's Turnbull Gets TV Role

Lemon Grove actor Bob Turnbull has been cast as a present day soldier in "The Father" segment of the new Television series "Going My Way." Series stars Gene Kelly and is based on the Academy Award winning movie of the same name that starred Bing Crosby. That year Crosby won the Oscar statuette for Best Actor of the Year.

Filmed at Revue Studios in Universal City, this hour-long series is produced by Joe Connelly and makes its debut in the fall.

Interesting note that the ingenue lead is being played by Angelia Dorian, a Hollywood High grad and a sometimes-date of Turnbull's.

Turnbull is a Helix High grad but also the First Honorary Alumnus of Mt. Miguel High school, an honor bestowed on him in Miguel's first year by Principal Melvin Grant. He is also the son of Dr. Amorita Treganza, 3415 Imperial Ave.

GROVE MAN'S DRAPERY CLEANING DEVICE WILL GO INTO PRODUCTION

The first mass-produced drapery cleaning machine of Lemon Grove inventor Bill Vandenberg, owner of Dutch Cleaners at 7870 Broadway is expected to come off the assembly line by Oct. 1, he said last week.

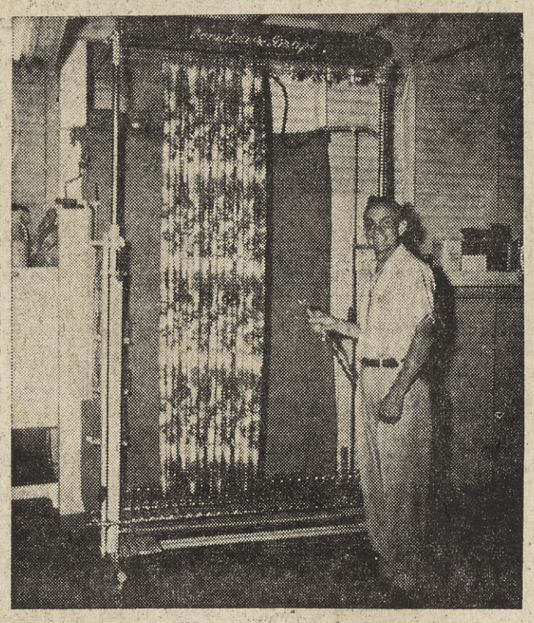
Vandenberg said he is accepting bids from manufacturers until Aug. 13 and that within a week after that, he and his lawyers will have decided on one. Jet Tool Co. of Lemon Grove is one of the bidders. The J. B. Mitchell Co. of Los Angeles is another. Five more bids are expected to arrive by the closing date, Vandenberg said.

"Fifteen cleaning firms in San Diego County have ordered my drapery cleaning machine already," Vandenberg explained. "If this ratio holds true across the country, quite a few will be sold."

Vandenberg estimated previously that the machine would sell for about $700.

WOULD HELP HUMANITY

Asked what he would do with his money if he became a millionaire, Vandenberg replied: "If I were a millionaire, I would sit down and figure out what I could best do for humanity. Part of this would be further inventing."



INVENTOR WITH INVENTION — Bill Vandenberg poses with his drapery cleaning machine. The device promises to become popular in the cleaning industry. It will start rolling off the assembly line in October and could make Lemon Grove's Vandenberg a rich man.

The manufacturer, which Vandenberg hopes will be a local one although bids are expected from the midwest and the east will get patent and manufacturing rights. Vandenberg will receive royalties. He said royalties run between 3-10 per cent and that this figure has yet to be decided upon.

Vandenberg kicked around the idea for the drapery cleaning machine for about 14 years. At one time he considered manufacturing it himself but discovered that at least $160,000 capital would be required.

CONVINCED AT CONVENTION

A recent Long Beach cleaning industry convention served to convince Vandenberg that the machine would be a desired commodity. At that time some 250 representatives of the industry in California indicated they were interested enough in the device to purchase one. Vandenberg had considered not having the machine on display because he believed it was too crude in construction. His worry proved groundless. However, the manufacturer will work refinements into the machine's design.

Vandenberg has other inventions in mind. He feels that the cleaning industry has been neglected and that much of the equipment now being used can stand improvement.

Two Hospital Trustees To Make Board Race

Two directors of Grossmont hospital district whose terms of office expire this year said Monday that they would seek reelection to the non-paying job. The election will be simultaneous with the general election in November.

Jim Spears, L.G. auto dealer and civic leader, who was appointed in February to fill the unexpired term of R. A. Peterson, and Homer Streich, board's treasurer, are the two members who will seek return to the board.

Spears has attracted attention with his service because of his "businessman's approach" to district problems.

Streich took part in the formation of the district and has served in various capacities since it was formed in January. 1952.

Any resident of the district may run for a seat on the board. His nomination papers, which are obtainable at the hospital administrator's office without charge, must be signed by 10 district residents. The papers must be filed no later than September 1.

Joe Slayton To Take Tennessee Bride In L. G. Wedding Friday

Joseph T. Slayton, son of Mr. Joseph E. Slayton of 7563 Central ave., Lemon Grove will say marriage vows with Evelyn Reagan of Seiverville, Tenn., in a ceremony on Friday of this week at 6:30 p.m. in the Slayton home.

Rev. Mickey R. Johnston of the First Southern Baptist Church of La Mesa will be the minister.

The bridal costume will consist of a white brocaded satin sheath with over-skirt. The bride will wear an over-length veil and carry a bouquet of camellias.

Mother of the bride, Mrs. Rose Reagan, will not be able to attend the wedding. The bride will be given in marriage by Egidio DeCarli of Lemon Grove.

Matron of honor will be Mrs. Joseph E. Slayton, stepmother of the bridegroom. She will be dressed in a street - length orange chiffon dress.

The bridegroom, an airman with the U.S. Navy who is stationed at Camp Miramar will be in full-dress white uniform.

Mrs. J. W. Hyde of Escondido, Mrs. Slayton's grandmother, will be hostess for the event. Mrs. Harry McClean of San Diego and Mary Frances Griggs and Patty and Linda Johanson of Lemon Grove will assist Mrs. Hyde.

A reception will follow the wedding. It will be at 7:30 p.m. in the Slayton patio.

The new Mr. and Mrs. Slayton will have a brief honeymoon over the weekend during which they will see Disneyland. The bride's going-away corsage will be of white carnations.

L.G. Juniors Supporting Backyard Swim Program

AT POOL—Two members of the Lemon Grove Woman's Club Juniors pose at L.G. pool with children in this summer's backyard swim program. Mrs. Joseph Payson, (standing in water) current Juniors president and Mrs. Charles Blackburn became instructors in the program when the Juniors voted to support this PTA-Red Cross annual "waterproofing" of children.

Learning to swim in the beautiful James Martin pool are Ronald Chubb and Vivian Peterson, local youngsters. The Martins (Mrs. Martin is the former Juniors president) are known as pool donors in the backyard swim program.

Other Juniors assisting are Mmes. Robert Morrill, Kenneth Hope and Keith Richard, instructors, Mmes. Morrill and Richard McDonald, organizers, and Mmes. Keith Hobb and Wayne Chubb, poolside supervisors. Mrs. Farrell Patton registered youngsters for the program in the L.G. area.

Area backyard swim program chairman for the past five years has been Mrs. Lawrence Sozzani, who is an honorary life member of the Juniors.

Past presidents Mmes. Lee Nottingham and George Teigen are serving as instructors.

Regarding the work of the Juniors with the program, Mrs. Warren Peterson, club safety chairman said, "We consider water safety a major need in our growing community of swimming pools."

It is expected that some 10,000 children and 1,000 adults will have been in the program before this season is over. "This program has grown at a tremendous rate in the past five years and we attribute much of its success to the PTA and service organizations like the L.G. Juniors," said Mrs. Frank Fitz, County Backyard Swim Chairman.

Juniors membership chairman Mrs. Robert Mitchell remarked: "Our club needs women like these to help us carry out our endeavor to better our community."

President John Hansen of Grossmont College presented the first draft of a workers' handbook which was discussed by the steering committee for revision. Harold G. Hughes of the finance committee reported that budget needs would be based largely upon the cost of printing materials to inform voters.

Participating in the planning session were Joe Sapienza, Chet Smith, Bill DeGroot, Rosarie Graham, and Gil Ray from Spring Valley; John Jensen, Jack Durham, Harry Griffin and Mrs. Frank Armstrong from Lemon Grove; Mrs. Bert Wilkas, M. R. Kneale, Barney Smiley and John Richards from Lakeside; Charles Skidmore, Mrs. Leo Ness, and Mrs. Evelyn Browne from Santee; Karl Tuttle, Dr. Lowell Smith, Peter Bancroft, C. J. Dobson, Clark Hatch, and Bud Smith from El Cajon; Les Freeman, Charles Irwin, Sid Campbell, Rev. John Barbour, Jim Polak, O. W. Miller and George Birch from La Mesa, and Burton Bryant from Jamul. Board members Robert Dryden, Rexford L. Hall and Mrs. Portia Goode were also present.

Campaign headquarters for Grossmont College Boosters campaign committee was opened this week at 8353 La Mesa blvd., La Mesa. Organization headquarters for the campaign, the office will also serve as a major information center and as a training center for precinct worker.

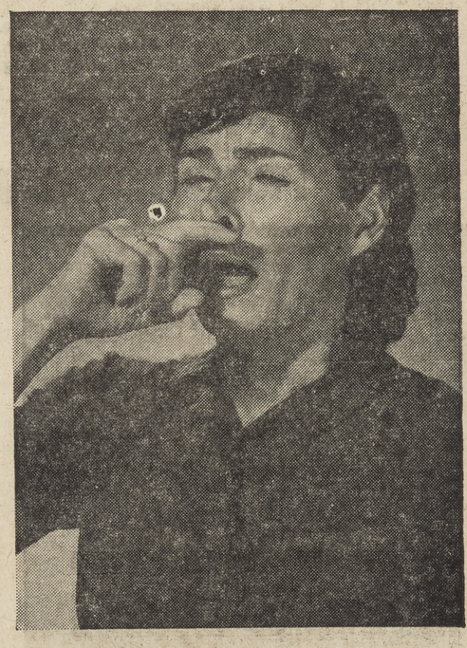
The office will be open from 9:30 a.m. to 4:30 p.m., daily until the election.

Mrs. John Morrow is in charge of the office. The telephone number is 465-1981.

HEAT GOT YOU BEAT?
AIR CONDITION
Air-conditioned homes are comfortable homes. You're never hot . . . never cold. You select the indoor temperature 12 months out of the year. And air conditioning does more for family comfort — it controls the humidity, filters out dust and pollen, and it purifies the air.

NEED TO DUST EVERY DAY?
AIR CONDITION
Air-conditioned homes are clean homes. Windows and doors stay closed, keeping dust outside. Draperies, lampshades, walls and upholstery stay cleaner. Humidity control prevents moisture from rusting metal objects — you polish less often. Mildew problems vanish.

LITTLE THINGS UPSET YOU?
AIR CONDITION
Air-conditioned homes are happy homes. The comfort of year-round air conditioning improves dispositions. Appetites increase. Household chores are less tiring. You sleep much better. Families gain a new outlook on life in the happy comfort of an air-conditioned home.



POLLEN MAKE YOU SNEEZE?
AIR CONDITION
Air-conditioned homes are healthy homes. The air is filtered to keep out irritating pollen, dust and smog. There are no drafts because windows and doors stay closed. The ill are never in danger of excessive heat or cold. You control the temperature and the humidity.

MAKE CENTRAL AIR CONDITIONING your next home improvement and begin enjoying all the benefits of year-round climate control. Phone an air conditioning contractor tomorrow (you'll find him in the yellow pages) and ask him to come out and estimate the cost of installing a central system in your home. You'll probably be surprised at the low monthly cost. Many homeowners can simply add a cooling unit to their heating system. Investigate the many ways you can control the climate in your home.

FOR INSTANT RELIEF FROM HEAT see an air conditioning dealer about a room air conditioner. It's an easy way to cool one room. And room conditioners also filter and dehumidify the air. Be careful, though, when you buy . . . it's a tricky job to get the right size. Get all the help you can in estimating the capacity. Consider factors like square footage, windows, insulation and the room's relation to the sun and shade. Make sure you have the proper wiring; room air conditioners come in 120 volt and 240 volt sizes.

S.V. ALL-STARS OUT OF TOURNEY

MAKE GOOD SHOWING — Spring Valley Little League All-Stars made an outstanding record in their first year of competition. Southeastern proved too tough for them on July 28 and the Valleyites will have to wait until next year to try again. From left to right (front row) are manager Morris Steward, Ray Gill, Rick Steiner, Mike Gunter, Barclay Cobb, Bill Mackey, Jimmy Kramer and Gail Helzer. From left to right (back row) are S. V. Little League president Gene Fryberger, Dick Favorite, Richard Arroyd, David Yahn, Gary Cooper, Phil Knight, Tom Farris, Jon Sarkela and coach Lloyd Gunter.

Local Little Leaguers Win First Three

After winning its first three games, Spring Valley Little All-Stars, like every other little league and pony league team in the Lemon Grove-Spring Valley area finally had to give up aspirations for climbing any farther toward this year's national little league crown.

Southeastern Little League outdid Spring Valley by a score of 7-3 at the San Diego American Little League field at 30th and Ocean View on July 28.

Like Valley de Oro, Cajon de Ore and Lemon Grove little leagues, the Valleyites were eliminated from the tournament just when things were beginning to look good for them. Next year, all of the teams can try again.

The Southeastern Little League All-Stars reportedly is a very strong team made up of top athletes. Area little league experts predict that Southeastern will play its way close to the national championship.

Spring Valley Little League won its first game through a "bye." In its second game, it defeated Southwest 2-0. In this game Dick Favorite hit a homer and a single; Gunter, Gill and Faris also hit singles in this one.

In the next game, S.V. won over Twin Hills by 3-2. Tom Farris hit a home run in the bottom of the sixth inning. This game proved to be the culmination of Spring Valley's winning streak.

This was Spring Valley Little League's first year of competition.

Now that the Majors division has run its course with the record above, S.V. this Saturday noon will hold its interleague play-offs for the intermediates and minors at the Sweetwater Little League field.

HELIX VIEW COLT LEAGUE HOSTING REGIONAL PLAYOFFS

The Helix View Colt League All-Stars this year are hosting the Regional playoffs. The games, which started yesterday (Wednesday) are being played at the Helix High school varsity field. Helix View and Santa Ana played Wednesday, the score not yet reported.

On Thursday of this week the game will be between El Cajon and Riverside; on Friday, between the loser of the first game and the loser of the second game. Then on Saturday there will be a double-header; the first game to be between the winners of the first two games. The second game of the double-header will be between the winners of the first game of the week and the losers of the Saturday first game.

'Bikes' Race Friday At Cajon Speedway

PASS THE LEADER — Playing the risky game of "pass the leader" at the Cajon Spedway motorcycle races this past Friday night were, in order of their position in the race when this picture was taken, John Apple, 309, of Imperial Beach; Cecil Hollenbeck, 95, of San Diego; Tom Newgent, 305, of La Mesa; Bruce Sanford, 68, of San Diego; Danny Duncan, 296, of El Cajon, and Mike Cook, 262, of Escondido. Motorcycles "burn up" the steeplechase track at Gillespie Field starting at 8:15 p.m. Fridays with the trials beginning about an hour earlier.
On this weekend only the Claiming Stock Cars race will be on Saturday night. The event will include a 40-lap main as well as the Powder Puff Derby as an added feature. The Super Modifieds will return to the Cajon Speedway on Aug. 18.

'ALBERT SCHWEITZER' OF S.V. CONTINUING PROJECT IN MEXICO

The "Albert Schweitzer" of Spring Valley, Irwin K. Ford and his wife, Margaret are continuing to operate the Centro de Amparo south of Ensenada, Baja California, according to a letter Ford wrote lately to members of the Mexican Fellowship, Inc.

The organization is a nonsectarian one supporting such projects as the Ford's "Center of Refuge." The Fords, who have been devoting full-time to the Center, are loved and accepted everywhere in Baja California.

But they owe part of this to aid given by people who've never seen the Center, Ford said, explaining that stories which appeared in the Spring Valley Bulletin and Lemon Grove Review brought financial and other aid from readers.

The Fords invite anyone wishing to take part in their project to write to them c/o: P.O. Box 9, Spring Valley, Cal.

Bowlers Invited To Enter '2-5-8 Jamboree' At Bowlero

The 2-5-8 Jamboree, a bowling league in which a grand prize is given each week is now going on at the Lemon Grove and Mission Valley Bowleros. Any sanctioned bowler is eligible to enter, according to Bowlero's Jim DeMers.

Entrants may bowl anytime and they pick the best three out of four games as their entry. All scores are handicap and there is a division for both men and women.

DeMers said an estimated $5,000 is in the pot as prize money for the Bowlero players.

Milk should be served at temperatures ranging from 38 to 40 degrees, to attain best flavor and taste.

Southeastern Beats VDO Team 9-2 In Aug. 2 Game

The Valley de Oro Little League All Star chance to continue toward the "Little League World Series," was snuffed out Thurs., Aug. 2 when they were beaten 9 to 2 by the South Eastern L.L. All Stars. The game was played at Cabrillo Heights field with the winning pitcher being Edward Sharp, and the loser Tim McCarthy, who had been a consistent winner all year for the local team.

The V.D.O. boys had won some important games before their final loss and had been named area and district champs. Their loss came in the Sectional playoffs. Victory for the South Eastern team continued as they beat the Mission Village team. They will go to Santa Monica this Thursday. Their opponents have not been named as of this writing. Should they win, they will continue to Vancouver, B.C. The winner of that game will go to Williamsport, Pa., to participate in the World Series.

Chargers - Texans Play For Charity Saturday

SAN DIEGO — The San Diego Chargers, Western Division champions of the American Football League, host the Dallas Texans in a benefit game for the Tri-Hospital Building Fund Saturday night at 8 at Balboa Stadium. The game, sponsored by the San Diego Union and Evening Tribune, opens a pre-season slate of four contests for the Chargers.

Dallas kicked off its exhibition schedule on a high note last Saturday in Atlanta, Ga., defeating the Oakland Raiders, 13-3. Riding the rifle arm of veteran quarterback Cotton Davidson, the Texans struck for two second-half touchdowns to outlast the improved Raiders.

Therefore, the Texans now boast of a 10-1 pre-season record, while the Chargers, the only team to trip the Texans—they dropped the Lone Star Staters, 31-10, last year—possess a perfect 8-0 mark.

Head Coach Sid Gillman has promised that the Chargers will pull all stops to protect the unbeaten skein. "We'll be as prepared for Dallas as is possible says Gillman. "We're proud of that undefeated record, and we may be playing before a sellout crowd. We certainly don't want to look bad before all those fans."

Local American Legion Auxiliary Ladies Get Posts

American Legion Auxiliary, La Mesa Unit 282 announced that four of its members have received department and district offices.

Mrs. Glenn Parks of Spring Valley will again represent the department as hospital representative for the Veterans Administration Out-Patient Clinic. Mrs. Ernest Smith of Lemon Grove will serve as District Child Welfare Chairman.

The other two are La Mesa women. Mrs. Roscoe Duley is new Past Presidents Parley Chairman for the District and Mrs. LeRoy Bailey will again serve as Press and Public Relations Chairman. Mrs. Bailey received a citation from California American Legion Auxiliary headquarters for her prior work as press chairman, notably production of television shows over KOGO-TV, Channel 10.

Members of the La Mesa Unit of the Auxiliary will attend the 22nd district convention to be held at San Diego Post Number 6 hall. The meeting will begin at 10 a.m. on August 12.

Mrs. Duley and Mrs. Walker of the local unit have been named delegate and alternate delegate to the National Convention to be in Las Vegas during the first week of October.

Next business meeting of the local unit, with membership in Lemon Grove, Spring Valley and La Mesa will be on Aug. 10 at 8 p.m. in the American Legion Hall, 3118 University ave., La Mesa.

The Board approved administrative schedule increases for vice principals, adult education administrators, and school planning consultant. The increases were based upon a 2.8% plus a 1.38% ratio amounting to a total of $8,300 for 12 administrators. Previously, principals' salaries had been approved with similar adjustments and the three top administrators had received a 2.8% increase.

broken.

He said the walls would have to be repainted where the fluid had been sprayed on the buildings. None of the extinguishers was damaged.

DOCTORS BILKED

Merill B. Weber, office manager of the Lemon Grove Medical Center at 3240 Main st., L.G. said the firm was victimized out of $25 when a counter check was returned from the bank showing that no account was held by the signer.

The check was found in the Group's cash box. Weber named a suspect.

PILLS AND ALCOHOL BRING FAMILY WOES

Mrs. Joe Daniel Heath, 33, of 1482 San Altos pl., L.G. was taken to Grossmont hospital Saturday after she took about 50 pills in what police reported as a suicide attempt. Her husband was not home at the time.

Sheriff's deputies, investigating the welfare of the couple's children after the alleged attempt had just parked the patrol car in front of the house when Heath, also 33, drove up in a truck and failed to stop. He crashed into the back of the patrol car and then became abusive, according to the sheriff's report.

He failed to pass the standard sobriety test and was charged with drunk driving.

Mrs. Heath's condition was reported as "not critical" at Grossmont hospital. She was released to the County hospital.

SUSPECT'S NAME WITHHELD

Mr. and Mrs. John Richardson of 8416 Garwood ct., S.V. old sheriff's men that $10 had been taken from a wallet in the Richardson home while Mrs. Richardson was visiting a neighbor.

There have been several such thefts from time to time. The couple had a suspect in mind but decided to wait a while longer before telling the sheriff who the suspect is.

CHOOSES KITCHEN FURNITURE

A "Home Beautiful" fan with a pair of wire snips, cut a mesh fence at the L.G. Furniture store, 7341 Broadway Monday and took a chrome kitchen table and five maple chairs. The table has a yellow top and the chairs have cloth seats.

FOOD SPOILED

Ronald E. Branham, of 477 Parkbrook, S.V. reported to the sheriff's office that a screen had been removed from a kitchen window and the intruder had cut off the electricity to the entire house.

A freezer full of food had thawed, spoiling the contents valued at more than $200, and it caused bloody water to damage the floor. He estimates the electricity had been off as long as three weeks.

EQUIPMENT TAKEN

Hi-fi amplifiers worth $238 were taken from the home of Owen R. Ruppert, of 10537 Don Pico, S.V.

Ruppert, a radio and tv repairman, said the equipment was taken during his absence.

CAR THEFT ADMITTED

A 15-year-old youth admitted taking a 1962 Mercury from the residence of Mrs. Oletha M. Boone, 8252 Broadway, L.G.

The boy drove the car to the home of his father who lives in Westminster. His father called the police and L.G. sheriff's men recovered the car.

Youthful Workers Still Available For Most Jobs

The Youth Employment office of the Grossmont high school district will remain open even after summer school closes. Hundreds of applicants are registered for work from the seven high schools of the district.

According to Irma Harding, Youth Placement Officer for the State Dept. of Employment with offices at Grossmont High school, students were successfully placed in positions such as typists, bookkeepers, stenographers, sales clerks, bus boys, cooks, dishwashers, car washers, gas station attendants, janitors, delivery boys, yard workers, inventory clerks and the like.

Jobs are still wanted by students in the age range of 16 to 18 years. Part time, temporary and full time employment is sought.

A screening program designed to get youngsters with certain qualifications in jobs within their ability level has proven successful in the district.

SECRETARIAL GROUP SETS AUG. 15 PARTY

The San Diego Chapter of the National Secretaries Association, International will hold a Fun Party on Aug. 15 at the home of Mrs. Frank T. MacNichol in El Cajon. A buffet style dinner will be served and a Silent Auction will be held with unwrapped gifts each member is to bring.

For A Better Breed Of Bookies

We always cringe a little during the Del Mar race season when we are bombarded with material in the daily press picturing high-income-level drunks and gamblers partying at the race track under the guise of being patrons of the sports and contributors to charity. What many of these society bums are doing is having a fun binge, just like the working stiff who drinks a couple of bottles of beer in some tavern where he can lay a half-dollar bet on the nag of his choice.

The working stiff may be illegal but he is not quite as immoral because bookie betting being what it is, betting is done with carefully contrived privacy. If he makes a fool of himself with his beer drinking, his audience is somewhat less than the 20 or 30 thousand who attend the race track daily.

We firmly believe that horse betting should be legalized and licensed in betting rooms in San Diego and the rest of the state or track betting should be outlawed altogether.

This column is not the keeper of the race track morals, caring little how gambling socialites cavort, but it is interested in the double gambling standard.

A law that encourages gambling within the rooms of a race track establishment in a given community but denies wagering in rooms of an establishment in the same community but outside the race track fence, is as damaging to all law and order as was the old Volstead Act—and just as unworkable.

Del Mar race track operators, supposedly interested in the betterment of the breed (horses, not humans) let their venal nature show through recently. When the newly-formed little city of Del Mar needed funds for community services and considered adding a small tax to race track admissions, officials of the track wet the table of the city council with their tears and were successful in averting a tax which would have eased the burden of Del Mar residents.

Venality and immorality to one side, citizens ought to demand equal betting privileges in legal, licensed horse parlors or call for the closing of Del Mar.

Over The Bounding "Maine"

Congressman James Utt would have made a good newspaper reporter. His report on some Hyannis Port doings would have been mirthful. . .had not the implications been so somber. His report:

So, Mr. President, you think you want to sail? That question is posed, of course, in response to a statement made by the President at his recent press conferenc while he was still fulminating over the Senate vote on Medicare.

When asked, "What now, Mr. President?" he replied that the people would have a chance in November to decide whether the country wished to sail with the New Frontier or to anchor down with the conservatives. My first reaction to that proposition was, that when the storm signals are flying, it's safer to anchor down for a while to determine the violence, extent and direction of the storm, and then plot a safe course that would avoid disaster.

The world did not have to wait long for an example of brash sailing. The following Sunday the President took his week end sailing exercise at his summer home. Coming in to dock, he misjudged his speed and direction and crashed into the shore with such violence that great damage was done, but no lives lost.

Heavens to Betsy! What embarrassment! The image of the former PT Boat Commander must be preserved. The Secret Service men sped to the rscue, and, bless them, they confiscated all the pictures which the news photographers had taken of this modern disaster of the sea.

Dr. Askew Can Prescribe For The Gas Problem Aid

The unanimous selection of Dr. J. B. Askew, S.D. County's Health Officer since 1949, as chairman of California Motor Vehicle Pollution Control Board, is a wise choice.

Dr. Askew is a quiet, but firm, executive and administrator, and we expect a more sensible, effective program because of him.

The CMVPCB is the first such agency set up by any state and its function is to test and certify devices to reduce automobile-created air pollution.

We hope the Board directs considerable attention to buses and trucks driven by Diesel engines. These engines, it seems to us, pour a greater proportion of pollutants into San Diego air than any other type of engine.

Dr. Askew will have to face a rather formidable lobby when his Board takes up that problem.

In the meanwhile the Board will focus its attention on exhaust emission control devices for autos. It has already taken steps to control crankcase emissions by approving seven different systems. The latter is comparatively simple. It was necessary only to feed crankcase or "blowby" gases back into the air intake or carburetor to eliminate nearly all of the pollutants from this source. This was done by a small tube and valve installation which returned the unburned hydrocarbons to the engine for complete burning. All American-made cars will be equipped with this system beginning in 1963.

But the exhaust device is something else again. There are 150 different kinds of exhaust gases to be dealt with.

The afterburner type of device in which exhaust gases are consumed in a special spark plug actuated chamber is getting some attention. The problem here is to develop a device that will withstand temperatures as high as 2,200 degrees.

Another type is a catalytic or chemical type. Here the catalyst must resist coating by gasoline additives without rapid deterioration. CMVPCB standards are rigid. Devices must be safe, create no added noise, odor or heat, and be reasonable in cost. They must also operate effectively for 12,000 miiles and operate as well on an old clunker as they would on a showroom fresh auto.

American engineers are spending more than $1 million a month on research on the exhaust gas problem and fortune awaits he who cracks the exhaust gas pollution nut.

We believe California will get air pollution relief quicker because Dr. Askew has been chosen to head up the motor vehicle section of the control system.

CYSTIC FIBROSIS VOLUNTEERS ASKED TO COMPLETE CANVASS

Councilman and Mrs. Allan Hitch, County Co-chairman of the 1962 Drive for Dollars to help conquer Cystic Fibrosis, issued a call this week to the hundreds of volunteer solicitors collecting for Cystic Fibrosis to complete the canvass of their area and turn in money and materials to their area chairmen by Aug. 15.

State College News

Campus Evening School Fall Bulletins Ready

San Diego State's Campus Evening Program Bulletins for the fall semester of 1962 are now available. They describe 232 courses in 31 departments that will be offered during late afternoons and evenings. The courses include: anthropology, astronomy, biology, business administration, chemistry, economics, education, engineering, engineering mechanics, mechanical engineering, English, French, geography, geology, general language, German, health education, history, home economics, industrial arts, library science, mathematics, music, physical education, physics, political science, psychology, sociology, Spanish, speech arts, and zoology.

HOW OBTAINED?

Bulletins may be obtained from the Extended Services Office in person, by writing, or by calling JUniper 2-4411. Extension 471 (8 a.m. to 4:30 p.m., Mondays through Fridays).

Evening program courses may be taken to apply toward the bachelor's degree, the master's degree, and the certificate in public administration.

Some late afternoon classes are listed which begin at 4 and 5:30 p.m. Night classes begin at 6, 6:30 or 7 p.m. with most classes running from 7 to 9:40 p.m.

COURSE PRIORITIES

Each bulletin contains an application form for a registration priority. The form is to be returned to the college. On registration day next September students with priorities will be permitted to enroll for courses ahead of those without. They will probably enjoy a greater selection.

Unless they attended classes during the spring, 1962 semester, all students, including those in the evening program must apply for admission to San Diego State, either as new or as former students. Admission deadline for undergraduates is August 1. For graduate students the deadline is August 15.

GROSSMONT COLLEGE NEWS

APPLICATIONS APPROVED FOR GROSSMONT COLLEGE TO GET NDEA FUNDS

Notice of approval of seven Grossmont College applications for National Defense Education Act funds for 1962-63 has been received according to Harold G. Hughes, associate superintendent for the Grossmont Junior College District.

Four NDEA Title III projects will provide matching federal funds for the purchase of needed equipment to be used in the instruction of foreign languages, biology, chemistry, and astronomy.

Title VIII NDEA projects were approved for Grossmont College in the fields of technical illustration, industrial electronics, and architectural drafting.

The largest single items approved for Grossmont College were in electronics for which $11,472 was approved to aid in the establishment of a program in industrial electronics at Grossmont College this fall and in the biological science area for which $10,312 was approved for the purchase of two sets of microscopes needed in the teaching of sophomore courses in zoology, botany, and bacteriology.

A total of $28,365.15 will accrue to the Grossmont Junior College District as a result of the approval of the seven NDEA projects.

Donovan Shapes G.O.P. Plank

Richard J. Donovan, Republican nominee for 77th District Assemblyman, was instrumental in shaping one of the major political planks adopted by the State Central Committee in Sacramento last weekend. A National City attorney, Donovan was appointed to the Law Enforcement Subcommittee under the chairmanship of Assemblyman Chet Wolfrum to develop a strong program to halt the climbing California crime rate.

Drawing on his past experience as a member of the National City Police Department, a Marshal's Deputy, and as Clerk of the South Bay Municipal Court, Donovan contributed significantly to the development of the Law Enforcement Plank as finally adopted.

Stating his own feelings, Donovan quoted from the plank: "We Californians are alarmed at having the number one crime rate in our nation. This increase of major crime in California must be reversed." The plank goes on to charge the present administration with indecision and weakness in the field of law enforcement and with a chronic overprotection of the criminal element thereby gravely restricting the ability of our law enforcement agencies in coping with our growing criminal problem.

Letter To The Editor

Dear Editor:

Thanks for the courage you show in your column "Dimmer View." Come November, I, like many other poor and forgotten voters will be happy to leave my old party and vote for the deserving and understanding-the Republicans.

It is only one poor guy's vote but many other forgotten citizens will vote with me and the Grand Old Party will win, I hope and pray.

A new Republican.

If you are tempted to spend the day in the sun . . . then do! Less time in the kitchen preparing meals means carefree summer days spent in fun activities outside. You can have your fun and delightful dinners too, with my quick summer recipes.

EASY-DO SUMMER MEALS is the subject of my cooking school this month. You are invited to attend **Tuesday, August 14,** from 12:30 to 2:00 p.m. and again on **Tuesday, August 28,** from 10:00 to 11:30 a.m in the comfortable air - conditioned auditorium of San Diego Gas & Electric Company's Eastern District Office at 104 North Johnson Street in El Cajon

A few carefree minutes spent in the kitchen can result in exotic dishes such as Tenderloin Tips in sour cream with noodles or Shrimps Imperial — a Chinese dish made with prawns, water chestnuts and celery. And entertaining will be a pleasure . . . with a minimum of effort you can surprise your guests with unusual salads. For example, try Spinach-Bacon Tossed Salad or Wagon Wheel Salad (made with several varieties of beans). Cool Raspberry Lemon Mousse and Pineapple Pecan Crown Cake are special dessert treats that everyone will enjoy.

So join me and learn more about Easy-Do Summe Meals. I shall look forward to seeing you. There will be free door prizes and, of course, admissoin is free.

Swap that crabgrass for a better lawn

With just one application of fast-acting CLOUT,* you can bring the march of crabgrass across your lawn to a dead stop.

Within a week, you can sow Scotts seed to repair damage already done. (Don't even remove the dead crabgrass. It makes a good lodging for seed.) Apply TURF BUILDER* on the same day you seed, and you assure new grass of the balanced diet it needs to thrive.

Do all three jobs confidently and easily with the accurate Scotts Spreader. Scotts guarantees your results!

Rev. Loren Mills Leaving Spring Valley Friends Church; New Pastor To Arrive From Ohio Aug. 25

REV. MILLS
Going to Oregon

The Spring Valley Friends Community Church at Bancroft and Kenwood drs., will have a new pastor by Sept. 1. He is Rev. Lewis Swander of Sairborn, Ohio. He and his wife are scheduled to arrive in Spring Valley on Aug. 25. They have relatives in Long Beach, Calif.

Rev. Swander succeeds Rev. Loren Mills, who has been here three years. Rev. Mills, his wife, Betty and their two daughters, Loreen, 12 and Denise, 8 will leave Monday for Newburg, Ore. There he will possibly be acting as an interim pastor and enter the field of public education. Before coming to Spring Valley, Rev. Mills spent five years in Holtville, Calif., as pastor of the Holtville Friends Community Church. A reception, in the form of a potluck supper, honored the Mills family a couple of weeks ago. They received many useful gifts.

REV. AND MRS. SWANDER
Coming here from Ohio

The Friends and Matilda Circle of the church this Friday will have a picnic at Eucalyptus Park. Festiviies will begin a 11 a.m.

Rev. Mills, at the Sunday, 11 a.m. services, will preach his final sermon, "Farewell."

Rev. Strickler Returns To Pulpit Sunday After 4-Week Vacation

Rev. Philip Strickler, pastor of the Warner Memorial Evangelical Church on Campo rd., Spring Valley will be back in the pulpit on Sunday following a four-week vacation.

A Bible school at the church is being planned for Aug. 20-24 (Monday through Friday). This will be for children four years of age through Junior High. Scheduled for 9.30 to 11:30 a.m., the Bible school will use the theme, "God's Picture Album." There will be handicrafts and new songs during the week. Then at 7:30 Friday the closing exercises will be held.

For full information regarding the week's program, call Mrs. Noble Herricks, at 46 9-8113.

Official To Give Sermon At VLM

Rev. David E. Wallick will be guest speaker at both of the services at Vista La Mesa Christian Church on Aug. 19. Services are at 9:45 and 11 a.m. and the church invites everyone to attend.

Presently serving with the adult division of the Christian Education Committee for Southern California Presbyterian churches, Rev. Wallick began his ministry at San Diego State College in November of 1961.

One of his current jobs is interviewing prospective ministerial students in the San Diego area, and he also serves as a member at large of the board of directors of the San Diego Council of Churches. He is also a member of the Council's Civic Affairs Commission.

MASS BAPTISM PLANNED

Mass baptism of more than 200 new ministers of Jehovah Witnesses will take place at the annual convention of the group being held Friday through Sunday at the Orange County Fairgrounds.

Many members of the L.G.-S.V. congregation will be in attendance.

'Quilting' Project At S. V. Friends Church Still Going After 17 Years

A project of the Spring Valley Friends Community Church which started 17 years ago is still going. This is the quilting project being done by ladies of the Matilda Circle of the church.

Carrying out the idea of Mrs. Blaine (Nellie) Bronner, wife of the church's first pastor, the group met and worked in the old wooden (chapel) building before the present church was built. The original group consisted of Mrs. Bronner, Mrs. Gertrude Cisco, Mrs. Blanche Denison, Mrs. Edna Copeland (deceased), Mrs. Luetta Bowles (deceased), Mrs. Ruby Thomas and Mrs. Patty Brackman. Mrs. Cisco and Mrs. Denison are the only original members of the group still with the project. Others who helped during the years are Mrs. Ora Smith, Mrs. Jessica Higbie, Mrs. Lola Barnes, Mrs. Rhodes and Mrs. Grace Clelland. Others whose names are unknown at present helped out from time to time.

The group has met every Thursday from the beginning (except on a few occasions) and has produced an average of 10 quilts a year. They charge a fee to make the quilts, which are constructed from material brought in or sent in by various people. Some materials have been sent from out-of-state people; from Colorado, Texas and Missouri. Proceeds from the construction of these quilts goes into the Matilda Circle fund and is used for Friends missionary work. The group has never been without quilting goods and at present they have a supply of material for three or four quilts.

Rev. Blaine Bronner, first pastor of the S.V. Friends Community Church and wife, Nellie are retired and living at Quaker Haven, the Friends retirement home at Whittier, Cal.

Presbyterian Church Announces Change In Schedule

Trinity Presbyterian Church will change its schedule on Sept. 9 to allow for Bible instruction. Family worship services will be at 8:30.

Church school for all will be at 9:30 a.m. A coffee fellowship will be at 10:30 and at 11 a.m. will be another worship service and church school for children.

New adult classes to be offered are:

Crossroads. It is to study the church—its history and meaning.

Church and Social Issues. A study of the relationship of the church and the Gospel to society.

Old Testament.

New Member Orientation. This class is to teach beliefs, organizations and policies of the church.

The Mariners — a couples group—is planning an Hawaiian Luau in the church patio on Aug. 10. Those interested in this are to contact the Charles Wilsons or Truman Lusks, the church said.

'HE WHO RULES HIS SPIRIT' SUNDAY TEXT AT FOOTHILLS METHODIST

"He Who Rules His Spirit" will be Rev. James King's text at the 10 a.m. Sunday service at Foothills Methodist Church.

The youth recreational program continues at Foothills, with groups meeting at 7 p.m. each Tuesday at the church. Ward McMaken, youth director, is in charge.

Building of the new seven-classroom educational building at Foothills continues at a good pace, said Rev. King. The building probably will be ready by the first week of September.

Sunday Text To Tell Practical Value Of Attaining Perfection

The practical value of striving for perfection will be stressed at Christian Science church services Sunday.

"Spirit" is the subject of the Lesson-Sermon to be read. It will include this admonition of Christ Jesus (Matthew 5): "Be ye therefore perfect, even as your Father which is in heaven is perfect."

Among the correlative citations to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following:

"The divine demand, 'Be ye therefore perfect,' is scientific, and the human footsteps leading to perfection are indispensable. Individuals are consistent who, watching and praying, can 'run, and not be weary;—walk, and not faint,' who gain good rapidly and hold their position, or attain slowly and yield not to discouragement. God requires perfection, but not until the battle between Spirit and flesh is fought and the victory won" (p. 253).

GOD'S MINUTE

REV. H. C. BAKKEN

"HOLY SPIRIT"

Jesus said to Nicodemus, "That which is born of the flesh is flesh; and that which is born of the Spirit is spirit." This is the great fundamental lesson each person must learn. Spiritual life comes to us only by the Holy Spirit.

AREA No. 127
SPRING VALLEY
NOTICE INVITING SEALED PROPOSALS

Pursuant to the provisions of the Improvement Act of 1911 and to Resolution Ordering Work adopted on May 29, 1962 by the Board of Supervisors of the County of San Diego ordering the work described in said Resolution,

NOTICE IS HEREBY GIVEN that said Board of Supervisors invited and will receive up to but not later than 11:45 o'clock a.m., of the 14th day of August, 1962, sealed proposals or bids for doing the work and improvement ordered in said Resolution, to wit: The construction of sewers, manholes and appurtenances in KENWOOD DRIVE, at al, in SPRING VALLEY in the unincorporated area of the County of San Diego, Area No. 127.

Such bids will be received in the office of the Clerk of said Board of Supervisors, Room 306, City and County Administration Building, 1600 Pacific Highway, San Diego, California, and shall in open session of said Board of Supervisors be publicly opened, examined and declared.

The Resolution of Intention adopted by said Board of Supervisors on May 1, 1962 is hereby referred to for a description of said work and improvement, the grade to which it is to be done, a description of the district to be assessed to pay the costs and expenses thereof, the bonds to be issued and for all further particulars contained in said Resolution of Intention. Reference is hereby further made to the plans, drawings, typical cross-sections and specifications for said work on file as Document No. 315493 in the office of the Clerk of said Board of Supervisors, in accordance with which said work shall be done. The estimated cost, of the acquisition of necessary lands, easements, and rights of way to be advanced in accordance with Section 5256 of the Streets and Highways Code, is $2,000.00.

Copies of plans, forms of proposal, bonds, contract and specifications may be obtained at the office of Jean L. Vincenz, Engineer, 4005 Rosecrans, San Diego, California, for the sum of $8.00. Said payment is not refundable.

The said Board of Supervisors, in accordance with the provisions of the Labor Code of the State of California, has heretofore established the general prevailing rates of wages applicable to the work to be done, which rates are as set forth in the Resolution adopted by the Board of Supervisors on September 12, 1961, item number 43; said resolution is on file in the office of the Clerk of the Board of Supervisors of the County of San Diego, Room 306, City and County Administration Building, 1600 Pacific Highway, San Diego, California, and said resolution is incorporated herein by reference as though fully set forth herein.

The said Board of Supervisors reserves the right to reject any or all bids and to waive technical errors and discrepancies if to do so seems to serve the interests of the County of San Diego.

Bidders must satisfy themselves by personal examination of the location of the proposed work and by such other means as they may prefer as to the actual conditions and requirements of the work and shall not at any time after submission of the bid or proposal dispute, complain, or assert that there was any misunderstanding in regard to the nature or amount of work to be done.

All proposals or bids offered shall be accompanied by a certified check payable to the order of the County of San Diego, or a bond, as is required by law, for an amount not less than ten percent (10%) of the aggregate of the proposal.

Dated July 17, 1962.

NOTICE OF SALE

OF PROPERTY DELINQUENT FOR NON-PAYMENT OF STREET BOND NO. 50, SERIES NO. 179, FOR THE IMPROVEMENT OF Gillispie Drive, et al, IN THE COUNTY OF SAN DIEGO, CALIFORNIA.

Default having been made in the payment of the following named coupons: July 2, 1960; Interest $28.33; January 2, 1961, Interest $40.80, Principal $136.00, July 2, 1961, Interest $36.72; January 2, 1962, Interest $36.72, Principal $136.00, July 2, 1962, Interest $32.64 and the holder of said bond having demanded in writing that the Treasurer of the County of San Diego proceed to advertise and sell the lot or parcel of land mentioned in the said bond.

NOW, THEREFORE, I give notice that I will on the 24th day of August, 1962 at the hour of 9:00 A. M. of said day, sell at public auction the lot or parcel of land mentioned in said bond, or so much thereof as may be necessary, at the office of the said County Treasurer in Room 102, Civic Center, 1600 Pacific Highway, San Diego, California, UNLESS the amount due on said bond and accrued interest thereon together with the cost of publication of this notice are paid; and that I will so sell the same to the person who will take the least amount of said lot or parcel of land and pay the full amount of unpaid principal and interest on said bond, together with costs of publication. The lot or parcel of land mentioned in said bond and to be sold, is more particularly described to wit:

The Northerly 183.00 feet of the Southerly 366.00 feet of the East one-third of Lot 24, Block 8, Subdivision of Tract "H" of Jamacha Ranch, Map No. 812

The amount due on said bond up to date of this notice is as follows:

Due on account of principal thereof, One Thousand Three Hundred Sixty and 00/000 Dollars ($1,360.00)

Due on account of interest, Two Hundred Twelve and 48/000 Dollars ($212.48)

Due on account of penalties, Sixty Two and 34/100 Dollars ($62.34)

Total amount due on said bond, One Thousand Six Hundred Thirty Four and 82/100 Dollars ($1,634.82)

In order to avoid this sale, payment of the total amount above named will be required together with the cost of publications made before such payment and the additional interest accruing up to the date of payment. Bond may be reinstated upon payment of amounts due, interest, penalties, and fees, in the manner provided by law.

In the event of sale, such sale will include interest in addition to the above total amount due accruing up to the date of sale, and the cost of publication of notices of sale, and One Dollar ($1.00) for the issuing of Certificate of Sale.

Voter Registration Deadline Is Sept. 18

Time is getting short for people to register who want to vote in the Nov. 6 general election, Mrs. Charlotta Phillips, deputy registrar of voters for Spring Valley said this week. She said that Sept. 13 is the deadline. Mrs. Phillips is registering voters at her home, 3546 Helix st., Spring Valley. She is at home evenings, Saturdays and Sundays. It is best to call for an appointment, Mrs. Phillips said. Her phone number is HO 6-4201.

Another school bond election is set for Sept. 18, Mrs. Phillips said. She urges everyone who is eligible to vote to go to the polls on election day.

Picnic For 'Indoor Sports' August 12

A picnic will be held on Aug. 12 for members of Indoor Sports, a club made up of people in wheelchairs, at the Troy F. Godwin home at 1785 Guava ln., El Cajon. It is being co-sponsored by the Good Sports, a world-wide club of people who aid members of Indoor Sports and the El Cajon Woman's Club, Evening Section.

All members of Good Sports and Indoor Sports plus friends are invited to the picnic. Those going are to meet at the Mayfair parking lot at Magnolia and Main in El Cajon at 2 p.m. on Aug. 12.

The international convention of Good Sports will be from Aug. 14-19 in Arizona.

Hopkins Family On Washington St. Successful With Parakeet Raising

PARAKEETS AT REST — These are some of the parakeets in the Hopkins' aviary at 2920 Washington st., L. G. Besides selling young birds, the Hopkins's also experiment with unique color strains, trying to develop strange colorations and patterns. A parakeet expert would identify some of the birds in this picture as being unusual, the Hopkin's pointed out. Several were in flight when this picture was taken.

IN AVIARY — Mr. and Mrs. Garland L. Hopkins stand in one of the cages of their big parakeet aviary in Lemon Grove. Birds are sold commercially at the age of six weeks.

Parakeets raised by the Hopkins family of Washington st. in Lemon Grove have been sold as far away as the East Coast. Others are sold right here in Lemon Grove at the L.G. Pet Shop.

One reason the Hopkins parakeets are so in demand is that since they began raising their birds eight years ago, they have concentrated on developing oddly-colored birds. Other parakeet raisers concentrate on other things, they said.

The two sons, Dennis E. and Garland E. started the big collection of birds—now about 500—with a few parakeets they kept with their pigeons. Dennis recently went in the Army for a four-year hitch and Garland E. got married and is living out of town.

Mr. and Mrs. Garland L. Hopkins, the mother and father, had become interested in the birds after their sons had started keeping them. Now they have a large parakeet aviary on their hands and are not completely sure just what they're going to do with it. They do know their fancy has long since been captured by the little bird which is probably the most popular one in this country at the present time.

The Hopkins feel they and their sons haven't run the aviary on a strictly commercial basis and believe it's been a lot more fun this way. "It's brought us spending money," Mrs. Hopkins said, "but more important, it's been a continual delight to the family."

RICHARD H. JOHNSON HONORED BY U.C.L.A.

Richard H. Johnson of Lemon Grove, a student at U.C.L.A. was named to the Dean's Honor Roll for the Spring semester for getting straight "a's." He received the Ryan Aeronautical Merit Scholarship when he was graduated from Mt. Miguel High school in 1960. This is taking him through college.

This summer young Johnson is working at the Smythe Research Institute at Kearny Mesa. He hadn't made the Dean's List before although he'd kept a high grade average.
